

# EXPERIENCE BIBLE STORYING

The Book of Acts describes an early church that grew rapidly without television, radio, cell phones, or the internet. So just how did the early church spread God's Word so quickly despite political persecution and cultural resistance? They simply told the stories of Jesus' life and ministry to people, who told more people, who told even more people! Join us for 5 days in beautiful Orlando, Florida and EXPERIENCE Bible storying as it was used by the early church.

## WHAT:

Bible storying can be used inside the church, across the street, and around the world for evangelism, discipleship leadership training and church planting. It can be chronological, topical or both. It involves a natural, contextual telling and discussion of Bible stories. *Anyone* can learn and share God's Word this way regardless of security restrictions or cultural biases. Venues for Bible storying can include:

- Bible study groups of any age meeting at any place
- Hospital, home and jail visitation
- Evangelistic outreaches anywhere that people meet
- Short-term mission trips to works already in progress
- Engaging an unreached people group with little or no access to the Gospel
- Backyard Bible clubs, home school groups, public schools and colleges

You'll live in a spacious, fully furnished apartment for 5 days with a small group of Christians. Living and working together, you'll learn the skills and strategies needed to use Bible storying in ministry. After your time in Orlando you'll be able to train others using the same methods you've been taught; hearing, retelling, and discussing Bible stories.

## WHEN:

Arrive at the Orlando airport Monday, October 5, 2009 before 3pm, dinner provided, 1st session begins at 6pm. Depart from the Orlando airport Friday, Oct 9th after 2pm, lunch-to-go provided.
